

# PSC/CUNY SUPPORTS EQUITY FOR ADJUNCTS, CUNY'S LOW-WAGE WORKERS.

**Fair Contracts, Fair Wages and Job Security for All Working People—including adjunct faculty!**

**Together We Fight! Together We Win!**

**As part of a national mobilization, academic unions are demanding a minimum starting salary of \$5,000 per course, job security, health insurance, and decent working conditions for adjuncts. We're making a special effort to be visible on May Day, the international workers' day of action.**

**We stand in solidarity with other low-wage, precarious workers, and our partners in the labor movement. Stand with us!**
