Prayer Vigil for Education

“Every time those in our nation attack teachers and public education it rips not only the nation’s economy but it rips at the very integrity of who we are”

-Rev. William Barber

Fight For Fairness in Education

Join Clergy, Religious Leaders of all Faiths, and parents from across the city as we demand a state budget that represents fairness, equity and justice for our public schools!

BUDGETS ARE MORAL DOCUMENTS! We demand the state fully fund our schools, halt the expansion of charter schools and not divert any money to private institutions!!
