SHAPING AN EQUITABLE & DEMOCRATIC FUTURE FOR HIGHER EDUCATION: THE WAY FORWARD

The Coalition of Contingent Academic Labor (COCAL), a tri-national association (Canada, Mexico, U.S.) formed in 1996, has had ten biennial conferences. Adjuncts and other precarious academic workers have moved from invisibility to visibility. Where do we go from here?

We don't have all the answers. We want to put our heads and our experiences together to create them. Join your colleagues to have this important conversation.
