

Félix V. Matos Rodríguez, Chancellor, The City University of New York
William C. Thompson, Jr. Chairperson, Board of Trustees, The City University of New York
Trustees of The City University of New York

We, the undersigned, call on you to stop the planned layoffs of thousands of adjunct faculty and staff, and to prevent hundreds from losing health insurance in the middle of a pandemic.

The Professional Staff Congress has been informed by CUNY management that 422 adjuncts will lose their eligibility for health insurance if the planned non-reappointments and reductions in hours are implemented next week. As members of the faculty and staff at CUNY, both full-time and part-time, we demand that you stand up for the University and its most vulnerable workers.

Adjunct faculty and staff are part of the core academic workforce. Students rely on them as essential instructors, counselors, librarians and lab technicians. The CUNY Administration is only too happy to rely on adjuncts to sustain the University despite inadequate public funding. Now, when our students are in greatest need of support, and when New Yorkers without income and health insurance are most vulnerable, you treat the adjunct faculty and staff as disposable.

CUNY faces an undeniable crisis because of the coronavirus and the resultant recession. But there are alternatives to mass layoffs and elimination of health insurance for the most vulnerable. Congress has allocated \$132 million in federal CARES Act funds to CUNY colleges for “institutional needs.” The law requires that colleges and universities receiving such funding make every effort to keep employees on payroll during the pandemic. Laying off thousands of employees would be in direct contravention of the CARES Act’s provision on “continued payment to employees.”

We call on you to comply with the provisions of the CARES Act and prioritize keeping CUNY workers employed and insured through the end of the pandemic.

Refuse to preside over the dismantling of one of New York’s greatest resources for educational justice and economic opportunity. Defend CUNY at this critical moment in history. Stop the layoffs and the cruel terminations of health insurance.
