

Reaffirmation of support for S06244/A11550, LaValle/Sullivan

Submitted by: Professional Staff Congress

Whereas, the Professional Staff Congress of CUNY won through collective bargaining a fringe benefit of transit checks for its members; and

Whereas, other unions in the Municipal Labor Coalition won and received transit checks for their members; and

Whereas, this benefit would allow the purchase of transit checks with pretax dollars thereby reducing the tax liability of PSC members; and

Whereas, a bill was introduced by both the Senate and the Assembly in the 2002 session but was not enacted by either body; therefore be it

Resolved, that New York State United Teachers work for its immediate passage in the 2003 session of the New York State Legislature.
